Drill Title: 4 goal shooting

Set up 4 goals and divide your team up into 5 groups with no more than 4 players in each group. One group at each goal and one group starts in the middle.

Each player in the middle group will leave the center and go to a goal. They will recieve a pass from a player at that goal and take a one time shot. After shooting they must return to the center area and go clockwise to the next goal. All the middle players will be shooting at the same time.

Once they go around twice the drill stops and the groups rotate. Middle players should get 8 shots each.
